

2024 PROJECT NAME SURVEY

Summary: To begin a project, a project name is needed! This was the first project activity and it was in the students' hands! Rather than the teachers choosing a name, the students got to choose! Firstly, the students completed a word search puzzle in which 10 famous monuments from around the world were hidden as can be seen below!

FIND 10 WORDS. THEY ALL HAVE SOMETHING IN COMMON

What do all the words have in common?

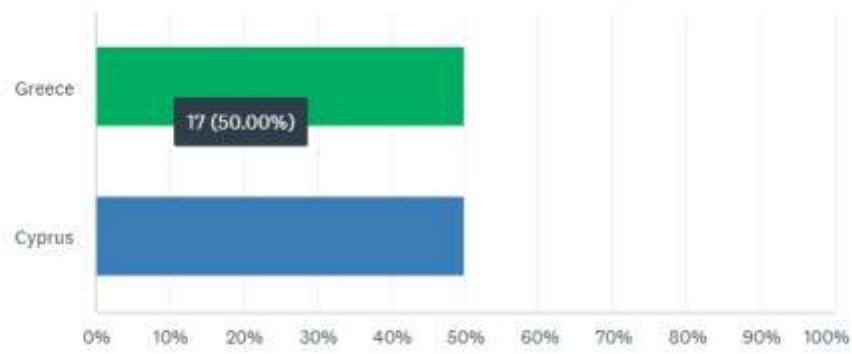

Can you think of a project name that has to do with all the above words?

Once the students found the monuments, they had to state them and tell their teachers their names. Once this occurred, a discussion began about famous monuments. It was then that students had to think of a creative name for the project. All the word search puzzles were given to the teachers and then 2 names from each country were chosen by another group of teachers. The survey was created and students got to vote for their favourite name! The survey can be seen here: <https://www.surveymonkey.com/r/7PBN933> A total of 34 students
